

Programme
Workshop on mHealth and Cyber Security 2018
Arthur Mbanefo Digital Research Centre, University of Lagos

Time	TUESDAY 23, October 2018
08:00	Registration
09:30	Opening ceremony (Arthur Mbanefo Digital Research Centre)
	<i>Chairman :</i>
	Opening speech by
10:00	* Prof. Charles UWADIA
10:00	Keynote speaker Topic: Mr. Mayowa ADEOTI IBM University Relations & Digital-Nation Africa Leader for Central & West Africa
11:00	Breakfast
11:30	Workshop 1
13:00	Lunch
14:00	Workshop II
17:00	Closing

Conference on DIGITAL SECURITY FOR DEVELOPMENT (DiSeD) 2018 Arthur Mbanefo Digital Research Centre, University of Lagos	
Time	WEDNESDAY 24, October 2018
08:00	Registration
09:30	Opening ceremony (Arthur Mbanefo Digital Research Centre) Welcome speech: Prof. UWADIA Speech by the Host: Prof. A. ADEKUNLE (Dean Faculty of Science) Goodwill messages from Dignitaries, Guests and Sponsors Speech by Chief-Host/Chairman: Prof. T. O. Ogundipe (Vice Chancellor, UNILAG)
11:00	Keynote speaker Topic: Mr. Abdul-Hakeem AJIJOLA <i>Executive Chairman, Consultancy Support Services Ltd., a Cyber Security & Information Communication Technology (ICT) Consultancy Firm, Abuja and Former Senior Special Assistant Innovation & Technology to the National Security Adviser to the President of Nigeria</i>
12:00	Tea Break / Photo session
	Session 1: Security Awareness Chairman : Dr. T. Akinlade
12:30	Digital Security Considerations for Development (c008)
12:50	Password Authentication and Staff Awareness Training (c012)
13:20	Questions & Answers
13:30	Lunch
	Session 2: Medicine & Health Chairman : Dr. Popoola
14:30	Deep Neural Network-based Learning Analytics in Medical Education for Universal Health Coverage (c003)
14:50	Real-Time Mobile Health System For Remote Consultations (c002)
15:10	Web-based Employee Management System for Nigerian Institute of Medical Research (c011)
15:30	Questions & Answers
19:00	* Conference dinner

Time	THURSDAY 25, October 2018
	Session 3: Intelligence & Security Chairman : Dr. A.P. Adewole
09:00	A Deep Learning Model for predicting multistage cyberattacks (c001)
09:30	Detection Of Realtime Cyber Attack In Cyberspace Using Locator Agent Algorithm (c006)
10:00	Performance Analysis-Based Parameter Tuning of Clonal Selection Algorithm for Anomaly Detection (c007)
10:30	Questions & Answers
11:00	Tea/Coffee break
	Session 4: Authentication Methods on Cyber Attacks Chairman : Dr. O. B. Okunoye
11:30	Dual Biometrics and Elliptic Curve Cryptography Based e-Commerce Security (c004)
12:00	Design and Implementation of a Knowledge-Based Authentication System (c010)
12:30	Normative Evaluation of Cyber-Attacks on a Hypothetical School Campus Network (c009)
13:00	Questions & Answers
13:30	Lunch
	Session 5: Network & Intellectual Capital Chairman : Dr. F.A. Oladeji
14:30	Implementation of Modified Pull-All Data Migration for a Java-Based Mobile Agent Using Coloured Petri Net (c005)
14:50	Survey of Intellectual Capital Models, Strengths and Weaknesses (c013)
15:10	Questions & Answers
15:30	Closing ceremony - Certificates & Award of Best Paper
